### **Investing Strategy**

The Investing Strategy is to continue to review the Zurex Project including potentially re-engineering the project into the Refinery Project which, through the addition of a plant module could be expanded into a palm oil biodiesel plant should the production of palm oil biodiesel become economically feasible and/or to invest in or acquire projects, assets, partnerships, joint ventures, businesses or companies (public or private) in Europe, Asia and the Middle East in the energy and utility sectors and their related infrastructures. Acquisitions and investments may be funded with cash, equity, debt or any mixture of the aforementioned.
